Q2 2021 STRATEGIC HIGHLIGHTS

Recovery underway with sequential improvement in comparable store sales to -6% in Q2 from -45% in Q1 and returning to growth in October

- **Sharpen our luxury brand message:** progress made with innovative show broadcast on Twitch, Tmall Superbrand day and Festive campaign
- **Accelerate in China:** 40% growth in domestic sales driven by localised campaigns with high visibility pop-ups and collaborations
- **Focus on local:** All regions benefiting from localisation with strong domestic growth in Americas, China, Korea and continental Europe
- **Growth in leather and outerwear:** Building on our leather bags architecture where the four main pillars (Pocket, Lola, Two-handle Title and TB) account for more than 60% sales with leather goods seeing low single digit CER sales in Q2 FY2021 compared with the group comparable store sales of -6%
- **Adapt the luxury store experience:** Innovative new store formats including our first social retail site in Shenzhen and virtual store events
- **Supercharge digital:** driving traffic at the inspiration phase of the journey with bespoke and localised content. Increased personalisation.

Good Q2 progress, driving outperformance in our full price channels, good traction in leather goods, strong digital performance and a high share of new and younger customers.
