Product Restricted Substances List – Version February 2022

## **1.0 INTRODUCTION**

Burberry's Product Restricted Substances List (PRSL) details the chemical restrictions applicable to any finished product or raw material used in either apparel or non-apparel product including footwear and toys, which is supplied directly or indirectly to Burberry.

This is applicable for Spring/Summer 2023 production onwards.

It remains the responsibility of Burberry partners to comply with all applicable legislations by each country/state where the partner conducts business, in the event such legislation is not covered within this PRSL.

Burberry retains the right to update the PRSL periodically to include new substances of concern identified by regulatory bodies or voluntary commitments.

## 4.0 OTHER RESTRICTIONS

### REACH Regulation 1907/2006 – Candidate List Annex XIV

Burberry expects its global partners supplying Burberry PLC directly or indirectly with products and/or raw materials to comply with the requirements set under REACH. This includes restrictions under Annex XVII, authorisation and information duty.

In addition to the substances restricted in REACH Annex XVII, the REACH Regulation has other requirements for substances in articles. Evaluation and Authorisation is required for **substances of very high concern (SVHC)**, which are detailed in Annex XIV of the REACH Regulation 1907/2006. This list is updated periodically and can be found on <http://echa.europa.eu>.

### Responsible Sourcing Policy

Please ensure that you have read Burberry's Responsible Sourcing Policy, available here: <https://www.burberryplc.com/content/burberry/corporate/en/responsibility/policies-and-commitments/environment/responsibility-sourcing-policy.html>
