## **1.0 INTRODUCTION**

Burberry's Product Restricted Substances List (PRSL) details the chemical restrictions applicable to any finished product or raw material used in either apparel or non-apparel product including footwear, which is supplied directly or indirectly to Burberry.

This is applicable for Spring/Summer 2021 production onwards.

It remains the responsibility of Burberry partners to comply with all applicable legislations by each country/state where the partner conducts business, in the event such legislation is not covered within this PRSL.

Burberry retains the right to update the PRSL periodically to include new substances of concern identified by regulatory bodies or voluntary commitments.
