

BURBERRY

LONDON ENGLAND

BUILDING A MORE SUSTAINABLE FUTURE

Burberry's commitment to sustainability is long-standing, grounded in the belief that for our future growth, we need to actively address the challenges facing our industry and the world in which we live. We are dedicated to reducing our environmental footprint and enabling social progress as we help transform our industry through powerful collaborations.

CREATING TOMORROW'S HERITAGE

Taking steps to protect our planet and ensure we have a positive impact on those in our supply chain and communities. Launched in 2017, this five year plan takes us to 2022 and is split into three core areas.

PRODUCT

Goal: 100% of products to have >1 positive attribute by 2022

- Positive attributes relate to social and/or environmental improvements either in raw material sourcing or product manufacturing
- Progress: 89% of product has 1 positive attribute; 67% of product has >1 positive attribute

Goal: 100% of cotton* to be procured more sustainably by 2022

- This includes working with the Better Cotton Initiative (BCI) and Textile Exchange and exploring new sources, including organic and regenerative cotton
- Progress: 75% of cotton* procured more sustainably

Goal: 100% of leather to be sourced from tanneries with environmental, traceability and social compliance certifications by 2022

- Progress: 64% of our leather is sourced from certified suppliers

COMPANY

Goal: zero-carbon footprint in our own operations by 2022

- Reducing absolute emissions through improved energy efficiency and using renewable energy sources; remaining emissions to be offset
- Progress: 86% reduction in market-based emissions since FY 2017

Goal: 100% of electricity used in our own operations to be renewable by 2022

- This forms part of our RE100 commitments and will be achieved through collaboration with our procurement and retail teams and engagement with landlords
- Progress: 90% of electricity used in global footprint is from renewable sources

Goal: reduce and revalue our waste

- This includes reusing, repairing, donating or recycling unsaleable products
- Progress: no destruction of unsaleable finished products. Zero waste to landfill in key UK and Italy operations.

COMMUNITIES

Goal: To positively impact one million people by 2022

- The three pillars of our strategy focus on projects that tackle educational inequality and build cultural capital, foster community cohesion and employability, support, social and economic development and build community cohesion.
- Much of our philanthropic work is carried out through The Burberry Foundation. Independent of Burberry Group plc, The Burberry Foundation is dedicated to using the power of creativity to drive positive change in global communities and build a more sustainable future through innovation.
- Progress: 290,426 people positively impacted in FY 2019/20 and 416,089 since the start of the programme.

OUR CONTRIBUTION TO THE UNITED NATIONS SUSTAINABLE DEVELOPMENT GOALS (SDG)

Our Responsibility Agenda contributes to a range of the United Nations Sustainable Development Goals, where we feel we are uniquely placed to make a positive difference. We recognise the power of working in collaboration to drive real change in the industry, which is why SDG 17 runs across the breadth of our strategy enabling progress in all areas of our work.

SOURCING OUR RAW MATERIALS

COTTON

- 100% of our cotton more sustainably by 2022 by using a portfolio approach. This includes working with partners such as the BCI and Textile Exchange, as well as exploring new sources, including organic and regenerative cotton.
- Support Cotton 2040, a cross-industry partnership convened by Forum for the Future to address long-term resilience in cotton supply chains.
- Working directly with cotton growers in the US to develop a fully traceable organic cotton supply for the future.
- Ban on cotton from Uzbekistan, Turkmenistan and Syria.

CASHMERE

- Founding partners of the Sustainable Fibre Alliance (SFA), an NGO working to drive sustainable cashmere production in Mongolia, restore grasslands, promote animal welfare and improve the livelihoods of herders and their families.

LEATHER

- Target to source 100% of our leather from tanneries with environmental, traceability and social compliance certifications by 2022.
- Support tannery certification as one of several ways to help drive more responsible leather production.
- We recognise certifications by the Leather Working Group, the Italian Istituto di Certificazione della Qualità per l'Industria Conciaria and the International Organization for Standardization.
- Do not source leather from cattle raised in the Amazon Biome.

WOOL

- Working closely with the Textile Exchange, peer brands and the wool industry to support the promotion and adoption of The Responsible Wool Standard, which recognises best practices of wool growers around the globe.

DOWN

- We source 100% of down from Responsible Down Standard certified suppliers.
- Do not permit the use of hair that is plucked from live animals or from farms where there is any concern that there has been unacceptable treatment of animals.

EXOTIC SKINS

- Active member of the Business for Social Responsibility, Southeast Asia Reptile Conservation Alliance.
- Dedicated expert team responsible for managing compliance with CITES, to limit international trade of endangered species.
- We engage with industry experts to explore initiatives to modernise and simplify established production techniques.

FUR

- Do not manufacture or procure any real fur. We do not use rabbit, fox, mink, Asiatic racoon and Angora rabbit.

ENVIRONMENTAL SUSTAINABILITY

CARBON & CLIMATE CHANGE

Our goal is to be carbon neutral in our own operational footprint (scope 1 and 2 emissions) by 2022

- Our retail network accounts for 77% of our direct carbon emissions
- Target to cut Scope 1 and 2 greenhouse gas emissions by 95% by 2022
 - Achieved 82% reduction vs FY 2017 using real time energy monitoring and enhanced training; LED lighting controls; integrating energy KPIs into team objectives
 - 90% electricity across our global footprint is from renewable sources
 - Carbon neutral across 85% of sites globally
- In FY 2020 both runway shows were carbon neutral and a Regeneration Fund established to support carbon insetting projects

Advancing our commitments – goal to be Net Zero by 2040

- This means that we have committed to reducing GHG emissions across all scopes in line with the Paris Climate Agreement to limit global warming to 1.5 degrees Celsius

ENERGY/WATER: SUPPLY CHAIN

- Long-standing Energy & Water Reduction programme modelled on NRDC “Clean by Design” principles
- Regularly evaluate our water impact and assess potential water stressed regions using World Wide Fund for Nature Water Risk Tool
- In FY 2020, 80% of our key wet processing facilities were engaged in our Water Conservation Programme to address water risk mitigation
- Use of sustainable raw materials (such as BCI cotton and recycled yarns) increases water efficiency at farm and processing level
- Collaborate with stakeholders and brands to develop common strategies, tools and initiatives
- Where possible help transition suppliers to renewable energy sources
- Reduced emissions in the supply chain by >1600 tonnes of carbon

CHEMICALS

- Chemical requirements set above legal limits and first luxury brand to have a Manufacturing Restricted Substances List
- >99% of supply chain wastewater free from chemicals with negative environmental impacts
- Trained over 1,000 people in chemical management
- Launched an enhanced chemical management assessment framework
- Conducted over 100 on-site chemical management assessments
- On the board of the Zero Discharge of Hazardous Chemicals
- Work with peers to drive industry and supply chains improvements
- 50 facilities in the supply chain using our online tool to help procure better chemical formulations

REVALUING WASTE & CIRCULARITY

- Partner of Ellen MacArthur Foundation Make Fashion Circular
- Signatory of Ellen MacArthur Foundation New Plastics Economy Global Commitment to reduce plastic packaging, and ensure remainder is easily reused, recycled or composted with >20% recycled content
- To maximise the lifecycle of products, a range of after-sale care and repair services are offered to customers
- Working with companies in the UK and Italy to recycle damaged garments and pre-consumer textile waste
- Donate to Smart Works to provide smart clothing to unemployed women for interviews
- Work with Elvis & Kresse, transforming our leather offcuts into new products
- Donate excess fabric to Progetto Quid providing disadvantaged people with employment opportunities
- Partnered with The RealReal in the US to promote and champion a more circular future
- Food waste from UK head office turned into biogas/ bio-fertilisers
- Partner of Alta Scuola di Pelletteria Italiana, a leather school, and San Patrignano, an organisation supporting marginalised youth to train residents in leather disassembly and repurposing using donated Burberry products

PROTECTING COMMUNITIES

HUMAN RIGHTS

- Human Rights Impact Assessments completed every two years since 2014, next assessment in FY 2021
- Developing informed mitigation action plans with stakeholder representations
- First luxury retailer and manufacturer to achieve accreditation as a UK Living Wage Employer
- Provide grievance mechanisms for our global employees, as well as confidential hotlines run by NGOs for workers in our supply chain.
- Hotlines with resolutions monitored by our Responsibility team

ETHICAL TRADING

- Supply chain partners must uphold our Responsible Business Principles, including our Ethical Trading Code of Conduct, Migrant Worker Policy and Homeworker Policy
- Audit existing and new suppliers to international labour standards
- 631 audits and assessments, and 71 training and engagement visits, helping improve HR systems and worker engagement and wellbeing
- Do not source from Bangladesh, Pakistan and Cambodia
- Annual Modern Slavery Statement detailing mitigations to reduce risks of slavery and human trafficking across supply chain and business

COMMUNITY INVESTMENT

- % of adjusted PBT per year donated to charitable causes including disaster relief efforts and the Burberry Foundation
- The Burberry Foundation creates partnerships to fuel innovation and transform communities
- Burberry apprentices offers young people opportunities in traditional craftsmanship and HQ business operations
- Employees encouraged to dedicate up to 3 days a year volunteering
- Make in-kind donations eg fabric to help people on creative courses

DIVERSITY AND INCLUSION

- Want a diverse, open and inclusive culture where all perspectives are valued
- Broadening and deepening Diversity and Inclusion is a key business priority
- Implementing measures to increase consciousness and understanding of social issues and D&I including:
 - Inclusive leadership training rolled out globally for managers and above
 - Unconscious bias training for all employees
 - Established a global internal employee council focused on diversity and inclusion
 - Created a Cultural Advisory Board, consisting of external experts across industries and backgrounds
- Building a more diverse talent base for the future by:
 - Strengthening diverse employee representation goals and continued commitment to an inclusive culture
 - Expanding our creative arts scholarship programme internationally supporting students from diverse backgrounds and providing full-time employment for graduates
 - Extending Burberry Inspire internationally helping underprivileged young people access creative industries
- Supporting organisations that promote diversity and inclusion with partnerships to industry bodies and charitable organisations offering additional resources and support for employees and communities, e.g. the Samaritans.

INNOVATIVE NEW MATERIALS

RECYCLED POLYESTER

- Recycled polyester produced from sources including plastic bottles (PET) and industrial polyester waste used in products across menswear and womenswear, including our reversible vintage check recycled polyester jacket

BIO-BASED MATERIALS

- Runway eyewear made from bio-based acetate derived from renewable vegetation-based resources
- Replaced trench coat buttons, previously made from horn, with buttons made from a bio-polymer made from milk waste

ECONYL®

- Multiple nylon based outerwear and accessories products are made from ECONYL, a sustainable nylon yarn made from regenerated fishing nets, fabric scraps and industrial plastic

SUSTAINABLE COLLECTION

- Our S/S 2020 collection included 26 styles crafted from the latest sustainable materials used across our product range

PACKAGING

- At least 40% of our packaging material is made from recycled coffee cups, is fully recyclable and certified by the Forest Stewardship Council (FSC). Through this, we have recycled more than 58 million coffee cups into Burberry packaging.

PRODUCT LABELLING

- Global roll out of sustainability labelling across all key-product categories, giving customers an insight into the industry-leading environmental and social credentials of our products

COVID-19

COVID 19 COMPANY RESPONSE

- Retooled our trench coat factory in Castleford to manufacture non-surgical gowns for medical and care workers
- >150,000 pieces of PPE donated to the UK's NHS and healthcare charities by the end of May, and this number continues to grow
- Funded research into a vaccine developed by the University of Oxford
- Donated to charities tackling UK food poverty including FareShare, The Trussell Trust and The Felix Project.
- Engaged with industry and governmental organisations on coordinated responses to the pandemic including producing a document providing information on adapting operations to procure and/or manufacture PPE in the UK.
- Supported creatives facing uncertainty during the pandemic by commissioning works for our Instagram news feed.

COVID 19 THE BURBERRY FOUNDATION RESPONSE

- The Burberry Foundation launched a global COVID-19 community appeal, which offered employees a way of supporting emergency response efforts by donating to the community fund. All funds raised by are supporting emergency response efforts, including the procurement and distribution of personal protective equipment (PPE) and other medical materials, contributions to foodbanks, donations to healthcare charities and additional support for those working to tackle the pandemic.

RECOGNITION AND AWARDS

- Included within the Dow Jones Sustainability Index and achieved our highest ever score in 2020 and sector leading scores for Product Stewardship and Social Reporting
- Named in UK Environmental Audit Committee's 2019 'Fixing Fashion' report as one of the most engaged companies in the UK fashion industry on sustainability
- Best performer in the 2019 Hampton-Alexander Review of FTSE Women Leaders
- Gold Class distinction in RobecoSAM's 2020 Sustainability Yearbook
- CDP A list for Climate Change and A- for CDP Water in 2020 - CDP Supplier Engagement Leader
- Long standing FTSE4GOOD Index constituent
- Walpole British Luxury Awards for driving systemic change, winner of 'Luxury with a Heart' in 2019
- Recognised as Leader in the Ethical Trading Initiative's 2018 annual assessment
- First luxury retailer and manufacturer to achieve accreditation as a UK Living Wage Employer in 2015
- Long standing signatory of the UN Global Compact

TASKFORCE ON CLIMATE-RELATED FINANCIAL DISCLOSURES (TCFD)

- Sustainability Steering Group chaired by the CEO and attended by CO&FO established to review and oversee our strategy on environmental and social issues
- The CO&FO Co-Chair of the Prince's Accounting for Sustainability network
- Cross-functional TCFD working group reporting to the Risk Committee
- Reviewed sustainability commitments and identified key focus areas including water scarcity, carbon impacts and raw material availability against which we implemented initiatives
- Identified short, medium and long term risks and opportunities
- Defined risk management methodology and approach for identifying and assessing climate-related risks
- Highlighted existing mitigating activities and controls by assessing sustainability and climate-related risks

BURBERRY SUSTAINABILITY BOND

- Burberry priced its inaugural, medium-term, sustainability bond in September 2020, the first sustainability labelled bond issued by a luxury fashion company.
- The proceeds will be used to finance and/or refinance eligible sustainable projects as described by Burberry's Sustainability Bond Framework (which is aligned with the Sustainability Bond Guidelines, 2018).
- An amount equal to the net proceeds of the Sustainability Bond issued will be used to finance and/or refinance, in whole or in part, Eligible Sustainable Projects. The Eligible Sustainable Project categories are:
 - Green Buildings;
 - Environmentally sustainable management of living natural resources and land use; and
 - Pollution prevention and control
- Starting in FY 21 and annually thereafter until the full allocation of the proceeds of the Sustainability we will provide investors and publish on our website at www.burberrypc.com:
 - i. an Allocation Report – which is anticipated to include:
 - a. total amount of proceeds allocated to Eligible Sustainable Projects per category;
 - b. any unallocated proceeds; and,
 - ii. an Impact Report, subject to the availability of suitable information and data.
- Sustainability UK Limited have provided a Second Party Opinion on the Sustainability Bond Framework (<https://www.sustainalytics.com/sustainable-finance/ourwork/>).

Burberry has various policies in place that guide economic, social and environmental responsibility across our business.

These apply to our global operations and supply chain activities, where applicable, and implementation and adherence to policies is reviewed on a regular basis. The policies and statements below are in the public domain and can be found on www.burberryplc.com
